[LinkedIn](#)

Hi there! I'm a developer with some professional experience. I've got bachelor's degree, specialization in front-end development. I've worked commercially with Angular, TypeScript, REST API, and Tailwind. When I'm not working on commercial projects, I really enjoy using React, NextJs, and Python. I'm currently on the lookout for a junior or middle-level position that would be a great fit for me.

EXPERIENCE

Junior Frontend Developer | [PolskiPCS](#)

June 2024 – November 2024

- Improve the app's appearance, functionality, and usability,
- Ongoing collaboration with backend, use of APIs,
- Writing Unit and Integration Tests.

Technologies:

Angular, TypeScript, SCSS, Java, Spring Boot

Intern – IT Support Specialist | [Rewolt](#)

July 2023 – September 2023

- Monitor and maintain device functionality across systems,
- Troubleshoot and fix hardware/software errors efficiently.

Technologies:

Linux, ServiceNow, AnyDesk

EDUCATION

[MS Print 3D](#) | [AGH](#)

2025-2026

The 3D Printing of Metallic Materials is a course of study in the field of modern manufacturing technologies, with a deep specialization in 3D printing using metals and their alloys.

[BS Education of technology and science](#) | [AGH](#)
